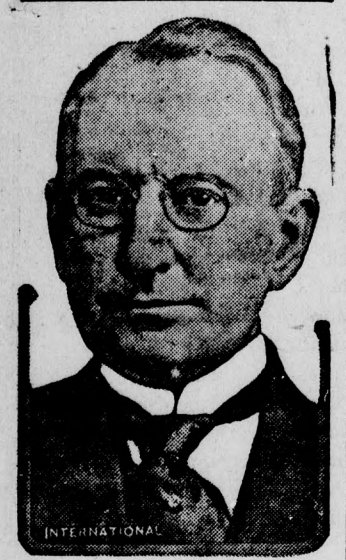
Campbell INTER-URBAN Press

VOLUME 26, No. 28 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA — FRIDAY, JANUARY 7 1921

COL. WM. J. SIMMONS



Col. William J. Simmons of Atlanta, Ga., founder and imperial wizard of the Knights of the Ku Klux Klan, who in a public statement asserts that the reorganized Klan is a law-abiding institution and has no connection with the "night riders" and "gin burners" of the South.

JAPAN RUSHING AIR AND SUBSEA CRAFT, REPORT

DISARMAMENT IS LIMITED

TOKIO REPORTED WILLING TO QUIT BUILDING BATTLESHIPS WHERE UNITED STATES LEADS

Paris—"Warn the United States that they must insist on prohibiting the construction of submarines and airplanes in any naval holiday undertaken with Japan," says a French naval authority, whose name obviously cannot be mentioned, in an exclusive interview. He continued:

"Japan favors disarmament, if it is limited to capital ships, because it would stop American construction, which Japan cannot overtake.

"Admiral Kato declared that the war taught that battleships of big tonnage having guns of great caliber are the superior weapons, and he wants the Japanese parliament to make appropriation for four battleships, four battle cruisers, twelve light cruisers, thirty-seven destroyers, twelve special craft and six dredgers, all to be completed before 1927."

POLICE PATROL AT BALLYBAY MADE TARGET

CROWN FORCES ATTACKED, RETURN FIRE, KILLING ONE AND WOUNDING TWO

Dublin—A constable and a civilian were killed and five persons wounded at Ballybay, County Monaghan. The fighting commenced when a police patrol of four was fired on, resulting in the death of a constable and the wounding of another policeman. In a continuation of the fight one civilian was killed and several wounded.

Preparations had been made for an attack on the police barracks, trenches having been cut in roads, trees felled and stone barriers erected. Soldiers were sent from Dundalk, but were held up by blocked roads and obliged to walk a part of the journey, delaying their arrival.

At Listowel, County Kerry, in the martial law area, crown forces were fired on by civilians while arresting men. They returned the fire, killing one and wounding two, who were captured and sent to a hospital. Five arrests were made.

Anti-Japanese Legislation in Chile Agitated.

Santiago (Chile)—Coincident with the widespread publicity on the approaching visit of the Japanese squadron and the publication of the elaborate plans made by the government to entertain the officers and men, the Diario Ilustrado launches an editorial campaign against Japanese immigration and calls upon the working classes to note that they are being replaced by Asiatics who will work for very low wages.

This appeal to the workers is highly significant, since the workers, who just won the closely contested presidential election, occupy a more important position in Chile's political life than ever before, and they are firmly determined to bring about certain reforms, which they have already outlined.

Robbers secured $2300 in cash from the safe in the Rand Mercantile Company's store at Randsburg, a mining town 110 miles east of Bakersfield. The combination was knocked off the vault and an electric drill bored a hole in the safe, which was then blown open.

SERIOUS FISCAL PROBLEMS AIRED TO LAW MAKERS

AD VALOREM TAX URGED

RIGID AND SPEEDY PROSECUTION OF CRIMINALS AND BOND ISSUE OF $10,000,000 ASKED

Sacramento—Serious fiscal problems confronting the state were submitted to the legislature by Governor William D. Stephens in his biennial message to California's lawmakers yesterday.

An ad valorem tax as a possible way out of the financial difficulties confronting the commonwealth was suggested by the governor in words carrying the implication of a threat.

More rigid and speedy prosecution of criminals, a bond issue of $10,000,000 to care for needed improvements at the state university and in other state institutions, and development of water and power resources were important recommendations of the governor.

Consolidation of certain state commissions and agencies for the purpose of cutting down expenses will be undertaken, the governor informed both houses of the legislature, which met in joint session to hear his message.

CALIFORNIA LEADS IN PRUNE PRODUCTION

U. C. CORRESPONDENCE COURSE TO AID GROWERS OF VALUABLE CROPS

Berkeley—The annual prune crop of California is valued at five millions of dollars, according to a statement of H. M. Butterfield, of the division of agricultural education of the University of California. The state leads all others in the production of plums and prunes, he says, and this crop, taken as a whole, surpasses any other single fruit in the state in point of bearing trees.

In announcing a university correspondence course on plums and prunes for better methods of pruning, pollination and marketing, Butterfield points out the history of this fruit. He says:

"Plums were growing in the gardens of the Spanish missions of this state when George Washington was president. The first real stimulus to the industry was given in 1856 by Louis Pellier, who brought over from France scions of the prune d'Agen or French prune. These he planted in his garden and located in the place where now stands Santa Clara. The first exhibit of dried fruits of which there is record was held at the state fair in 1863. About 1870, large commercial plantings were set out, and in this year also the first Japanese plums were introduced into California."

Destroyer's Guns Will End Career of Noted U-Boat as Ocean Raider.

San Diego—Bound for San Pedro, off which port it will destroy by gunfire the former German submarine U-boat 88, the United States destroyer Wickes sailed yesterday.

A broadside of three-inch shells from the destroyer is expected to be sufficient to send the submarine to its grave at the bottom of the Pacific.

Admiral Hugh Rodman and a large number of officers of the fleet will witness the sinking of the submarine from the deck of the flagship New Mexico.

U-boat 88 is credited with the destruction of sixteen allied merchant ships off east coast of England, France and the North Irish coast. It was the last German submarine to traverse the mine fields of the Straits of Dover. The submarine was built at Bremen in 1914. It is 185 feet long, 22 feet beam and displaces 800 tons.

Mountain Lion Makes Hunter Fight for Life.

Lemon Cove—After having killed eighty-six mountain lions, Jay C. Bruce, state official lion hunter, had a narrow escape when he was forced to battle for his life after sending five bullets into a lion in Sequoia national forest. Ord Lovern of Lemon Cove rushed to Bruce's aid, hurled a stone at the animal, and Bruce put a final bullet in its brain.

Californians Urge Money for Relief Be Spent in U. S.

Sacramento—California producers and manufacturers have united, through the California Industries Association, in a movement to arouse public sentiment that will require that money raised in the United States for foreign relief shall be spent in the United States for American products needed in relief work.

A resolution expressing this sentiment will be introduced in congress by the California delegation soon after the first of the year, and is expected to have the support of all of the congressmen from the farming regions.

CALIFORNIA NEWS ITEMS IN BRIEF

Paragraphs of Interest to Readers of Golden State

The Contra Costa Gas Company has petitioned to increase its rates in Antioch, Crockett, Pittsburg and Martinez.

Threats of a strike among cotton pickers near Bakersfield and Shafter were settled amicably last week according to reports.

A. M. Burton, representative of the University of California, is to be retained as farm adviser by Contra Costa county for another year.

John L. Flynn has been named Collector of Internal Revenue, to succeed Collector Justus Wardell, according to Washington dispatches.

A report that agents of the Rockefeller Foundation are negotiating for sites at Colfax for tuberculosis sanatorium is current. So far the matter is indefinite.

Berry growers of the Santa Clara valley have received a ruling from the State Superintendent of Weights and Measures regarding the size baskets which must be used.

Following his usual annual custom of sending Christmas cheer to worthy charitable institutions of San Francisco, J. L. Flood mailed checks aggregating $7000 to thirteen organizations.

Over $40,000 has been subscribed for the building of a new home for the Sacramento Chamber of Commerce. The campaign for a home-building fund will be continued until $80,000 is secured.

A meeting of San Joaquin valley counties to organize a San Joaquin Valley Counties Development Association to look after the public interests peculiar to the valley will be held at Fresno in January.

Twenty-eight hundred tons of fre[illegible] is piled up at Bartle, the eastern terminus of the McCloud railroad, awaiting transportation to the various P. G. and E. power development sites in the eastern part of Shasta county.

Plans for the first annual convention of the newly organized California Association of Highway Patrolmen, which will be held in San Jose January 10, 11 and 12, are being laid by County Traffic Officer Charles D. Reade.

The University of California was awarded the decision in its recent debating contest with Princeton University. The subject was: "Resolved, That Congress should pass laws prohibiting strikes in essential industries."

The progress which is being made in the matter of an irrigation district for the agricultural sections of Nevada county is causing general satisfaction. So far more than 100 land owners have signed up a total of about 30,000 acres of land.

To secure the issuance of $5,000,000 of general mortgage convertible 8 per cent gold bonds, a trust indenture wherein the Great Western Power Company of California mortgages its entire holdings was filed last week in Alameda county.

Charles G. Johnson, State Superintendent of Weights and Measures, in his annual report to Governor William D. Stephens, makes an appeal for new equipment for county sealers of weights and measures to enable them to test accurately heavy scales.

Dr. R. E. Freeman, prominent physician of San Jose for a number of years, died last week following an illness of two years. He was well known throughout the entire valley, having practiced medicine in Los Gatos and Gilroy as well as in San Jose.

An effort will be made at the coming session of the Legislature to have a bill passed that will permit Monterey county to bond itself for the purpose of purchasing land at the proposed seaside submarine base and present the same to the Government.

The timber holdings of C. J. Lee, in Butterfly valley, Plumas county, estimated to yield 5,000,000 feet of lumber, have been sold to the Murphy Lumber Company, which already had extensive lumber interests in that section. The timber covers about 1800 acres of land.

W. J. Cordes, Yuba county land owner, has begun suit in the Superior Court against J. Furuta and S. Tamura, Japanese rice growers, to have their lease on 640 acres of land owned by him annulled on the ground that they failed to pay him the rent for 1920, amounting to $13,800.

Truckee has opened its annual winter sports. The snow is from three to four feet in depth on the level and the temperature at night often touches 10 below zero. The ice harvest is in progress in the section. At Prosser Creek, Polaris and Boca, large crews of men are being employed, and the quality of the ice is unsurpassed.

Early volumes of the Nevada Democrat, a newspaper established in Nevada county in 1850, have been sent to Nevada City by Mrs. Jennie Cairns, daughter of Nat P. Brown, former publisher of the Nevada Transcript. The volumes record the events here of 1856-7 and are very interesting relics. Mrs. Cairns lives at Menlo Park and her father at Atlantic, Mass.

The Board of Su[illegible]isors have placed a bounty of $25 on panthers killed in Tehama county.

A building permit has been issued for the erection of the First Methodist Church of Fresno at a cost of $140,000.

Mrs. Catherine Ann Fetters, a native of California and a resident of Chico for forty-four years, died last week at her late residence.

The American Bankers' Association will hold its 1921 convention in Los Angeles the week beginning October 2, according to official notification received in that city.

Fresno has been selected as the next meeting place for the Allied Printing Trades of the Pacific Slope. The convention will begin March 6 and will last for at least three days.

The Oro Grand Consolidated Mines Company is the name of a new mining company now being formed to develop large deposits of minerals in Mono county and in Douglas county, Nevada.

There is every probability that the reservoir site at Toll House, near Bridgeport, will be utilized by the Walker River Irrigation District for the use of the water users of the east fork.

C. M. Blabond, who has been in charge of an auto stage line operating between Oakland and San Jose, has been given permission by the Railroad Commission to transfer his operating permit to Joseph Held.

William McLennan, history teacher of the San Diego High School, has been appointed dean of the junior college of Santa Barbara, McLennan will take charge at the beginning of the new school term, on January 22.

All bids, recently filed, for the building of the big public hospital which is to be erected by San Mateo county at Beresford in the near future were rejected as too high by the county Board of Supervisors last week.

Three historical paintings which cost more than $10,000 when purchased half a century ago and since have become treasures beyond value of the old Spitro estate in San Francisco, have been stolen, it was discovered recently.

Gold quartz valued at $5000 per ton from the mine of Murphy & Pucchi on Washington ridge, nine miles from Emigrant Gap, has been exhibited at Colfax by Henry Pucchi, who passed a portion of the summer developing the property.

A cablegram was received last week by Chief of Police J. Frank Lynch of Oakland from Hill Harris, Havana, asking that W. A. Palmere, said to be in Oakland, be located immediately, as his father was dying at the American Club in that city.

Examinations of temporary and reserve officers of the twelfth naval district for appointment to commissioned ranks in the permanent line, or construction corps, of the navy will be held May 16, 1921, according to officials of the district.

Building of a branch line of railroad into Butterfly valley in Plumas county to tap a recently acquired timber tract is said to be contemplated by the Murphy Lumber Company in the near future. Preliminary surveys have already been made.

Seven oil leases have been granted by the Interior Department to the Associated Oil Company on wells in Kern county, it is announced by J. H. Favorite, chief field agent of the General Land Office. Four of the leases are on wells in the Naval Reserve.

Death has claimed Colonel F. R. Harrington, Civil war veteran and one of the best-known attorneys of the northwest. Colonel Harrington was 83 years old, and succumbed after a short illness in Oakland, at the home of his daughter, Mrs. Tyler Henshaw.

Frederick M. Smith, young San Jose capitalist, was sentenced to pay a fine of $1000 or to serve 250 days in jail, following his conviction on a charge of running down, fatally injuring and abandoning Richard Buelina, San Jose, while driving an automobile August 18, 1920.

Representatives of the recently formed Citizens' League of Fresno were present at a special meeting of the Board of City Trustees when it was decided to purchase two more special patrol automobiles for the use of the police department in patrolling the residence section of the city.

Mrs. Chong Hi, serving a ninety-day sentence in the Oroville County Jail for selling narcotics, was released after Sheriff J. B. Webber and City Marshal William Toland, members of the Parole Board, signed a petition presented by Chico citizens who declared that eight children of the Chinese woman were badly in need of her care.

Repeal of the parole and indeterminate sentence laws was asked in a letter to Governor Stephens this week by the Los Angeles Police Commission. The Commission announced its intention of asking other police commissions of California cities to join in a campaign to obtain the repeal of those measures by the Legislature.

The directors of the Anderson-Cottonwood Irrigation district in December rejected all bids for doing construction work estimated to cost $100,000. They are now receiving new bids. The directors have just let a contract for construction work at Panorama point, between Anderson and Cottonwood, and one for all the contemplated drainage to D. McDonald of Sacramento.

GAS FOR CAMPBELL

GAS FOR CAMPBELL

At the regular meeting of the Campbell Improvement club in November, Mr. Russell Kennedy brought up the subject of gas for Campbell. After a brief discussion the chair appointed Mrs. Mary Lanphear, Mrs. Russell Kennedy and Mrs. R. Alison a committee to circulate a petition and secure names of those desiring gas.

At the regular meeting of the club in December Mrs. Lanphear reported one hunderd and three names signed to the petition. The chair appointed Mrs. Lanphear, Mr. Harry Smith and Mr. ElwoodBaugh a committee to present the petition at the office of Mr. J. D. Kuster of the P. G. & E. Co. in San Jose, and to formally request that steps be taken to secure gas for Campbell.

The committee, accompanied by Mrs. H. C. Smith, called at Mr. Kuster's office the morning of December 9 and were met by Mr. Pollard in the absence of Mr. Kuster. Mr. Smith having been chosen to act as the spokesman of the committee presented the matter to Mr. Pollard, mentioning the fact that when the company made its canvass a few years ago many people wishing gas service were not even aware that a canvass had been made. Mr. Pollard said he saw no reason why Campbell should not be served if the people were fully ready to meet the requirements necesary. He said he could not say what rate would be charged, that the Railroad Commission decides that any way. When asked how soon Campbell could hope to be served in case we succeed in getting gas Mr. Pollard said he did not know, but he could say that as soon as the matter is decided favorably the company will begin its work and will require but little time for its completion.

Mr. Pollard said the company would like about one subscription to every one hundred feet on an average. He said that because the Burbank district has made districts and the County Hospital would no doubt wish to be included, it ought to be a good time now to push the matter for all.

Mr. Pollard said our petition is all right and suggested that it be supplemented by a map showing the lots with the number of feet marked and the petitioners' names located on it.

On December 21 Mr. Smith and Mrs. Lanphear were each waited upon by Mrs. R. L. Dobson who was sent from the P. G. & E. Co. office in San Jose to canvass Campbell that afternoon for the purpose of verifying the wishes of the petitioners for gas.

Mrs. Lanphear told Mr. Dobson that to canvass town that day she believed would be detrimental to the cause and she therefore begged him to postpone his work until after the holidays and until the people of Campbell had been given opportunity to talk the matter over after hearing what had been learned by the committee. Mr. Dobson said he thoroughly agreed with this suggestion and asked Mrs. Lanphear to put it in writing in the form of a letter addressed to himself, which she did. He said he would return when a written request to do so is received at Mr. Kuster's office.

Mr. Dobson said that there must be a subscriber for every 150 feet and that a gas range or water h eater or gas plate must be installed before the company will extend its pipes to a consumer. Then the company will run the pipes onto the premises to the extent of fifty feet, if necessary, at its own expense. If the consumer has purchased appliances from the appliance department of the company they will make the connection from the service pipe to the fixture free. Otherwise the consumer will have to pay for the connection. Mr. Dobson said the minimum rate will undoubtedly not exceed $1.00.

By order of the Committee of the C. I. C.

Not Bragging at All.

"I never hear you telling any of the bright things your children say." "No. Our children say so many bright things and so rapidly that I find it difficult to remember them."

PRUNE-COT GROWERS MEET AT CAMPBELL

A mass meeting of prune and apricot growers, called by the officers of the California Prune and Apricot Growers, Inc., to give the growers first hand information as to existing marketing conditions and explaining the new contract under which the association will handle crops in the future, will be held at Campbell Odd Fellows Hall, Friday, January 14, at 8 p. m.

The meeting will be addressed by H. C. Dunlap, secretary and field manager of the [illegible]ion, and by other officers [illegible]fornia Prune and Ap[illegible]ers, Inc., who are acc[illegible] Mr. Dunlap on a tour[illegible]nt prune and apricot gro[illegible]tricts of the state.

The local meeting is on[illegible] series which is being held d[illegible] January in every prune and cot growing district of Califo[illegible] so that the growers may [illegible] clearly placed before them th[illegible] plans of the association—both a[illegible] to its present marketing problems and its future activities.

Besides urging every prune and apricot grower to be present at the meeting, a general invitation has been extended by the association to all business men to com[illegible] and take part in the discussio[illegible]

In announcing the meeting, M[illegible] Dunlap explained its purposes [illegible] follows:

"I cannot too strongly urge every prune and apricot grower of this district to be present at this meeting. The signing of the new contract agreement, which must be done within the next few weeks, is the most important business which most of the growers will be called upon to do for years to come, and nothing but the most serious illness should interfere with attendance at the meeting.

"The present contract between the growers and the association, under which all crops have been marketed since the organization of the association in 1917, expires with the handling of the 1921 crop.

"The new contract which the growers will sign will bring the association within the strictest interpretation of both the Federal and State laws for farmers' co-operative associations, such as the California Prune and Apricot Growers, Inc.

"The entire future prosperity of the prune and apricot industry in California depends upon a large number of the growers signing this new contract. Until the association is assured of this support, its sales department cannnot undertake the handling of any future crops. Besides, the development program for this year, including investments in warehouses, packing plants, advertising and merchandising campaigns depends upon the willingness of the growers to sign this new contract.

"The new contract agreement form has been mailed to every prune and apricot grower thruout the state, accompanied by a circular containing a detailed analysis of each article of the contract, so all growers should be fairly well informed concerning this contract before it is taken up at the meetings. During the meetings a complete and full explanation will be made of every trticle, and the growers will be privileged to ask questions or discuss any point connected with the contract."

WEDDING SHOWER

Misses Grace and Lois Bohnett last week gave their friend Miss Nita "Billy" Worden a shower. This was the first of a series of showers to be held for Miss Worden who is to be married Sunday to William Ross, son of Mr. and Mrs. M. A. Ross of McCoy avenue.

Those present were: Mrs. Urban Sontheimer, Mrs. F. O. Bohnett, Mrs. H. C. Gardner, Mabel Williams, Ethel Enemark, "Billy" Worden, Grace and Lois Bohnett.

Friends at Morgan Hill gave her a shower Tuesday evening and Mrs. Sontheimer and friends of San Jose another Wednesday evening.

DARING PRISONER ESCAPES FROM PENITENTIARY

POSSES SEARCH IN VAIN

Places Dummy In Cell to Deceive Guards.

Sacramento—Although posses have been searching since his escape, no trace has been found of Jack Foster, alias John St. Claire, who escaped for the fourth time from Folsom Prison Saturday night by leaving a dummy in his place. He is believed to have gone toward Auburn, and a member of a posse searching in that direction reported that they found footprints where a man had crawled up on a bridge over the American river. They are believed to be those of Foster. A hook and piece of rope were used in scaling the prison wall.

The man made a clever dummy, according to Warden J. J. Smith, and placed it leaning over a washstand in his cell.

When the first watch passed along the cells at night he flashed his light into the cell and saw the figure leaning over the basin. He passed on.

The second watch flashed his light into the cell and noticed the peculiar attitude of the supposed convict. He entered and found a figure had been made of bed clothes and placed standing against the wall.

Foster was in stripes for having at tempted a prison break last June. In that break, Carl Otto succeeded in gaining his freedom through a rain of bullets. Otto was captured later in Oakland.

SIDEWALK COLLAPSES BENEATH HOLIDAY CROWD

A Number of Persons Are Dangerously Injured.

San Francisco—More than seventy persons were injured New Year's eve when a temporary staging over the sidewalk in front of the Loew State Theater, under construction at Taylor and Market streets, collapsed. The structure was crowded with men, women and children, when without warning it gave way, hurling a mass of humanity to the ground thirty feet below.

Every available ambulance in the city was rushed to the scene to take the injured to the hospitals. The fire department was summoned to help in the rescue.

The collapse of the elevated sidewalk was not due to the direct weight of the crowd upon it, but was caused by the spreading of the supports under the lateral pressure of the tightly-wedged bodies of hundreds of New Year strollers, who were jammed like sardines between the street rail and the inner wall, according to the reported statement of the contractors in charge of the excavation.

GOVERNMENT OFFERS PLAN TO SMALL SAVERS

$1 Stamps and $25 Certificates Will Be Issued.

Oakland—Two entirely new United States Government securities, a $1 Treasury saving stamp and a $25 Treasury saving certificate will be issued in 1921, according to information received here by the banks. The issuance of these securities is a direct result of the saving campaign carried on by the Treasury Department during the past year in industrial plants throughout the country.

The campaign has demonstrated the fact, it is stated, that workers like a $1 unit for saving, and they are also seeking an investment security of the $25 denomination.

The $1 saving stamp will be bright red, imprinted on green tint, and will bear the head portrait of Alexander Hamilton. This is the first time in the history of United States securities that the first Secretary of the Treasury has been honored by having his portrait on a Government saving security.

The $25 saving certificate will be similar in design and terms to the Treasury saving certificate of $100 and $1000 maturity value, although of different colors.

Because the 25-cent thrift stamp and the $5 saving stamp gained such a stronghold in the public schools during the war and last year, their issue will be continued in 1921.

FORESIGHT

A farmer leaned against the fence of a pasture and watched an ox. The man smoked a pipereflectively. The ox chewed his cud contentedly. The manwas estimating the lapse of time before the ox would serve for the beef market. The ox was thinking not at all.

"Reflective foresight," we are told, is the faculty that elevates men, intellectually, above the brute creation. Men measure consequences; brutes act on impulse. One looks ahead; the other lives for today. The extent, then, to which men exercise foresight, might be said to be a measure of their elevation above the ox.

Reflective foresight on your part demands, among other things, banking service. Thus you need, just now, a certain one of our departments particularly, to protect you against future emergencies, or to consolidate your gains. Rarely in the history of the world has there been such an opportunity to make savings tell. Put some of the comparatively cheap dollars of today where they will grow—in our savings department.

On Being Handsome

Campbell is a town full of handsome people. Our good looks, of course, are of various sorts. Thus, we have the comeliness of youth, and the grandure of old age; pretty women and upstanding men.

Handsomeness means something, though, more than surface looks; and so when we say that Campbell folk are fine appearing, we think of them, too, as being clean-living and intelligent---citizens that count in the world---people we like to associate with.

Now, since Campbell is so filled with good-looking folk, we have made Blaine's Store good-looking to match our customers. Blaine's, so people say, is about the prettiest grocery store in the county. It wasn't so much the good looks, though, that we were aiming at, as it was what this means to a store. When things shine, they are pretty sure to be sanitary; where there is roominess, floors and corners are easily kept clean; where such things are a matter of pride, there is a suggestion of intelligent service. Blaine's store is good to associate with—an excellent place to support with your trade—yes, and to boost for.

Blaine's
GENERAL MERCHANDISE

A SQAURE DEAL for the Round Dollar

Know Where you Stand

January is the time for the merchant to take inventory of stock. Do you make a reckoning the first of each year?

Know just where you stand financially. Make a list of the amounts you owe. Set down in detail the money owed you. Record also what you own.

Do this also: Make an inventory of your opportunies. At the Growers National Bank you can build a cash capital; keep your funds in a safe place, always ready for immediate use. You can also build credit for yourself here. All through the year you can regulate your money matters safely and conveniently through a personal checking account. Keep in mind, too, that we are here to serve your personal, business and financial interests. Deposits made to a savings account before January 10, will draw 4 per cent interest from the 1st.

We are glad to note that S. G. Rodeck is able to be out again after a severe attack of grippe.

Mrs. Adrah Keith, who has been quite seriously ill for the past ten days, is reported as very much improved.

Ralph Cookson was here from San Luis Obispo for a day this week with his sister, Mrs. W. I. Merrill, and mother.

The Band Boys social event' has been postponed to Friday evening January 21, on account of the Prune & Apricot Growers' meeting.

C. M. Smith and Mr. Rhodes left yesterday for Coalingo, where they expect to spend several weeks at the Rhodes ranch in the hills.

The officers of Morning Light lodge 42, I. O. O. F., will be installed at Campbell Thursday evening, January 13, when big doings will be staged.

Fred Gillis and daughter, Lee, of Anaconda, Mont., are expected to arrive shortly for a visit with his sister, Mrs. M. E. Purmort, and father, Mr. Gillis.

The concrete walk work is progresing rapidly, the C. L. Watson and Alda Blaine properties on Campbell avenue and Second street being improved this week.

Delbert Campbell will enter U. C. Monday in the engineeering course. Delbert has had some practical experience in this work which will help in his studies.

E. G. Lanz brought from his ranch at Escalon this week some prize turnips weighing eight pounds. They are of the flat variety and are as sweet as smaller ones. On exhibition at the Press office they are attracting considerable attention.

IMPROVEMENT CVLB HOLDS BUSY MEETING

Many matters of public interest were discussed at the Campbell Improvement club meeting which should have attracted a greater attendance. A committeq does not make a club. The proposition of gas was thoroughly discussed and those present were much in favor of it and urged that a booseter campaign for the project be conducted. The committee that waited on the gas company made its report as given elsewhere in these columns. Mrs. Mary Lanphear, chairman, will select her booster committee.

President Merrill was informed that the work of installing more street lights would be begun next week.

A communication from the State Water Commission stating that the protest to the Lester, Cilker & Lester petition for diverting waters of Los Gatos creek had been received. An engineer will be here shortly to make a survey and make a report as to the relative merits of the case.

President Merrill appointed a committee to arrange for the annual banquet and election which will be held this month. The committee: E. G. Lanz, chairman; Mesdames C. A. Sutter, C. L. Watson, E. R. Kennedy, and Messrs. H. C. Smith and E. A. Baugh.

MASONIC OFFICERS INSTALLED MONDAY

Charity lodge 362, F. & A. M., held its annual installation Monday evening, retiring Master T. L. Mendel acting as installing officer and R. G. Archibald as master of ceremonies. The newly installed officers are:

Worshipful Master, F. O. Bohnett
Senior Warden, W. C. Bohnett
Junior Warden, T. A. Robinson
Treasurer, Ralston Alison
Secretary, J. J. Pardee
Chaplain, A. B. Townsend
Senior Deacon, F. W. Mitchell
Junior Deacon, Henry Gullick
Marshal, T. L. Mendel
Senior Steward, F. J. Bohrman
Junior Steward, Harold Jepson
Tyler, James Fablinger, Sr.

Following the installation light refreshments were served.

CLUB HOLDS OLD CLOTHES SHOWER

One matter of general interest was brought before the Home and School club Tuesday. The philanthropy department of the Sixth District has urged the P. T. A.'s of the district to gather clothing for the needy of various localities and the Home and School club will have a garment drive. There has been no general collection of outgrown or discarded clothing for some time so that there ought to be considerable that is well worth passing on. Whatever is available should be sent to the grammar school, or if it is impossible to send it, kindly notify some club member or teacher and it will be called for. So far as may be have the buttons sewed on and garments mended. There will be great need of clothes this winter.

Miss Burgess' room was represented by the greatest number of mothers and was again awarded the vase.

It was decided that the club would hold an entertainment on the night of February 22nd, as has been its custom for several years, the nature of the program to be decided later.

The program was in charge of Mrs. Alison, chairman of the educational department. Miss Irma Young played a pretty piano solo, after which Mrs. Dana Thomas of Willow Glen was introduced and gave a most interesting, affecting and inspiring talk on the points to be emphasized in P. T. A. work this year, as affecting the home and education of parents. One thought was to be dwelt upon each month, including such comprehensive subjects as responsibility, courtesy, ideals, loyalty and purity. Her appeal on this last topic stirred every mother present to the needs of the present.

Miss Burgess closed the program with two pleasing solos, and then the committee served delicious cakes and tea.

Boosters will shortly call on the Campbell residents urging the installing of gas and explaining the desire for a positive answer to the P. G. & E. Co. solicitor who will soon follow making his canvass. The canvass will be similar to the one already made but will be the company's verification of the Improvement Club's canvass. If you signed for gas with our committee do the same with the company.

Sutter county has been chosen by the California Experiment Station as the site for the 20 acres to be planted in flax this winter to prove that flax can be grown in California at a profit.

Negotiations have been in progress for some time for the sale of the Sacramento Northern Railroad, formerly the Northern Electric Line, by the owners to the Western Pacific Railroad, but as yet nothing definite has been done.

Articles of incorporation for the third Japanese canning company to be organized within a week have been filed in the office of the Santa Clara county clerk, Henry A. Pfister, by Attorney J. B. Peckham, attorney for the company.

The state railroad commission has granted a 25 per cent rate increase to the Sacramento Gas company for the Lodi district. The commission said, however, that the company should make numerous economies to increase its profits.

A warrant for the arrest of Frank Hamon, nephew of the late Jake Hamon, multi-millionaire oil man of Oklahoma, was issued by Justice O'Brien of Sacramento on a complaint of wife abandonment, sworn to by Mrs. Ruth Hamon.

A company has been formed in Portola composed of employes of the Western Pacific to prospect for oil at Wilbur Springs.

All Sutter county products, vegetables, rice and fruit as well as peaches, will go out with the Sutter county label in the future.

The vestry of St. Paul's Episcopal Church of Modesto has purchased a new pipe organ and the instrument will be installed forthwith by a San Francisco music and organ firm.

The Ninety-first Aero Squadron, after spending almost a year at the Mexican border, will return to Mather Field, near Sacramento, its home station, this week.

There are seven schools in Placer county, representing an attendance of 83 pupils, that are without teachers, according to Miss Irene Burns, county superintendent.

The campaign last Thursday and Friday for a fund of $15,000 for use in maintaining the three charity organizations of Berkeley for the coming year netted the sum of $12,500.

Eddie Rickenbacher, famous American ace, will be the guest of Modesto at the celebration of the fiftieth anniversary of the city's founding and also Armistice day, November 11.

The second allotment of the raisin crop will be made some time next month and will probably amount to about 50,000 tons, was announced at Fresno.

The new $32,000 industrial arts building of the Chico state normal school will be rushed to completion, and may be ready for occupancy within the next month.

A group of claims yielding copper, lead and silver, located in the northern part of Inyo county, have been sold for $125,000 by A. Farrington, the owner. The Arrowhead-Rico Mining Company of Tonopah was the buyer.

A telephone conversation over 4100 miles of wire and wireless, establishing what was said to be a world's record, was held recently between Avalon and the steamer Gloucester, off Philadelphia.

Word has been received from Professor George W. Hendry of the university farm at Davis that on 20 test farms in Yolo county Marlout barley outyielded the common California variety 48 per cent.

NOTICE

Notice is hereby given that in pursuance of the resolution and order of the Board of Directors of the J. C. Ainsley Packing Company, organized and existing under the laws of the State of California, unanimously adopted at a regular meeting of said Board duly held on the 23rd day of December, 1920, at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue in the Town of Campbell, County of Santa Clara, State of California, a meeting of the stockholders of said corporation is hereby called for, and will be held at the principal place of business of said corporation, to wit: At the office of said corporation at the corner of Campbell Avenue and Harrison Avenue, in the Town of Campbell, County of Santa Clara, State of California, on Friday, the 25th day of February, 1921, at 3 o'clock P. M., for the purpose of considering and acting upon the proposition to increase the capital stock of said corporation from $100,000.00, divided into 1000 shares of the par value of $100.00 each, to $500,000.00, divided into 5000 shares of the par value of $100.00 each.

By order of the Board of Directors.

Dated: December 23rd, 1920.

E. SWOPE,
Secretary of
J. C. Ainsley Packing Company.

The Fresno county grand jury has planned to take up an investigation of Fresno's alleged vice gang, said to be a parallel to the so-called Howard street gang of San Francisco.

The body of an unidentified man was found last week by workmen who opened a vault under construction in a real estate office at San Jose.

New use for dynamite has been discovered by A. C. Knight of Pasadena. Knight owns a large wood yard and found that small charges of powder could be used to split wood at great saving of cost and labor.

OSTEOPATHY EXPLAINED

Osteopathy maintains that the human body contains all the remedial agents necessary for the maintenance of health. It further asserts that the curative fluids are distributed when and where needed except when such distribution is interfered with by structural disorder.

The average person usually makes the expression that Osteopathy may be good for some things such as Headache or Rheumatism.

While that is very true, if it was understood that the Osteopath understands just how and where to manipulate for the relief and cure of all other ailments and disorders they would not hesitate to procure osteopathic treatment.

DR. W. E. ATHERTON
OSTEOPATHIC PHYSICIAN
53 South First St. — SAN JOSE

Would like to more fully explain the principles and methods of treatment for your complaints and physical troubles.
